

## BENEFITS:

-  No tuition fees at UDE
-  Direct application after graduating from High School
-  Saving study time, entering Bachelor courses at ISE UDE in the same graduation year from High School
-  Saving cost by entry exam and preparation courses conducted in Indonesia and Malaysia
-  Guaranteed study place after passing entry exam
-  Well supported in Indonesia, Malaysia & Germany
-  Great pathway for Master-PhD study
-  Good chance to international career prospects

## COSTS DURING STUDIES AT UDE

Tuition fees: 0 Euro / Semester  
Social Contribution: around 350 Euro / Semester

Total personal expenses are recommended around 900 Euro per month. How much you really spend will largely depend on your lifestyle and manner of spending. For visa application you need to transfer 11,400 Euro to a German blocked account to finance a first year of studies and student is allowed to draw the money in the amount of 950 Euro each month.

## APPLICATION & SUPPORT

Detailed information about the application and procedure of Fast Track Program can be obtained in the Mercator Offices. The Mercator Offices will support you by offering preparatory course and services. The Mercator Office in Malaysia is also a certified test center for the compulsory TestAS certificate.

## SUPPORT IN INDONESIA & MALAYSIA

# UNIVERSITY DUISBURG-ESSEN MERCATOR OFFICE

Mercator office formed the physical presence of UDE in South-East-Asia since 2002. In Indonesia, the office is located in University of Indonesia. In Malaysia, it's in Universiti Kebangsaan Malaysia. Through Mercator Offices, UDE provides services for students, researchers as well as guest professors and lecturers. ## Special Program

# FAST-TRACK TO BACHELOR IN INTERNATIONAL STUDIES IN ENGINEERING

For Indonesian & Malaysian  
excellent high school graduates

[www.way2studying.de](http://www.way2studying.de)

# UNIVERSITY DUISBURG-ESSEN

The University of Duisburg-Essen (UDE) is among the ten largest universities in Germany. Students from over 130 nations have come to pursue their study at UDE. The Faculty of Engineering is the largest faculty in UDE with more close to 11,000 students. It has set up the bilingual degree program "International Studies in Engineering" (ISE), which offers a full range of internationally oriented Bachelor and Master degree courses. More info: [www.uni-due.de/ise/](http://www.uni-due.de/ise/)

## FAST-TRACK PROGRAM

Based on a modified university law issued by the Ministry of Higher Education of North Rhine-Westphalia (NRW), Germany in 2012, the University of Duisburg-Essen (UDE) has started since then a Fast Track Program for Indonesian & Malaysian high school graduates with excellent marks in Maths or Physics.

After fulfilling all requirements and passing the UDE's entrance examination, you can get direct entrance to Bachelor Degree at UDE's International Studies in Engineering (ISE), in following study programs:

- Structural Engineering
- Electrical and Electronic Engineering
- Mechanical Engineering
- Metallurgy and Metal Forming

## APPLICATION REQUIREMENTS:

- **Academic Qualifications:**
  - for Indonesian applicant: **High school leaving certificate (US)** with a score of **at least 9.0 in Math or Physics.**
  - for Malaysian applicant: **UEC-SML**, with excellent grades and **at least A in both Math I and Math II or Physics.**
- **Language Qualifications:**
  - English certificate of **IELTS 6.0 / TOEFL paper-based 550 or equivalent**
  - German Language Proficiency certificate **B1**

## MANDATORY REQUIREMENTS:

- **Pass the UDE Entrance Exam**
- Show **TestAS** mark **100 points.**  
For more information: [www.testas.de](http://www.testas.de)

## FAST TRACK TIMELINE

**For Indonesian and Malaysian Highschool Graduate:**

The following timeline shows the process of several preparations prior registration via **Mercator Office Indonesia and Malaysia** until enrollment day at the University of Duisburg-Essen, Germany
